32. (Currently amended) A method of providing an individual with nutritional supplementation that aids in the relief of symptomology associated with stress resulting from serotonin-deficient disorders, comprising administering to an individual in need thereof a nutritional supplement comprising, from about 1 to about 100 grams low-glycemic-index carbohydrate, from about 1 to about 100 grams alpha lactalbumin-enriched whey protein, from about 1 to about 50 grams fat, and from about 1 mg to about 600 milligrams caffeine, in amounts ~~that together work effective~~ to manage conditions symptomology associated with stress resulting from serotonin-deficient disorders.
33. (Previously presented) The method of Claim 32, wherein the nutritional supplement further comprises from about 1 to about 900 milligrams 5-hydroxytryptophan (5-HTP).
34. (Currently amended) A method of providing an individual with nutritional supplementation that aids in the relief of symptomology associated with stress resulting from serotonin-deficient disorders, comprising administering to an individual in need thereof a nutritional supplement comprising, from about 10 to about 50 grams low-glycemic-index carbohydrate, from about 10 to about 30 grams alpha lactalbumin-enriched whey protein, from about 3 to about 10 grams fat, and from about 20 to about 200 milligrams caffeine, in amounts ~~that together work effective~~ to manage conditions symptomology associated with stress resulting from serotonin-deficient disorders.
35. (Previously presented) The method of Claim 34, wherein the nutritional supplement further comprises from about 20 to about 200 milligrams 5-hydroxytryptophan (5-HTP).
36. (Currently amended) A method of providing an individual with nutritional supplementation that aids in the relief of symptomology associated with stress resulting from serotonin-deficient disorders, comprising administering to an individual in need thereof a nutritional supplement comprising a low-glycemic-index carbohydrate, protein comprising alpha lactalbumin-enriched whey protein, fat, and caffeine, in amounts ~~that~~
